

ERIC CHAN

Full Stack Engineer | Hanoi, Vietnam | Olivia20033@gmail.com

SUMMARY

Full Stack Engineer specializing in scalable web applications, SaaS platforms, and distributed systems using React.js, Node.js, TypeScript, and MongoDB. Experienced in building modern APIs, real-time systems, blockchain applications, and clean frontend architectures focused on performance and maintainability.

SKILLS

Frontend	React.js Next.js TypeScript TailwindCSS
Backend	Node.js Express.js NestJS REST APIs
Database	MongoDB SQL
DevOps	Docker CI/CD Vercel

EXPERIENCE

Blockchain Developer (Freelance) | 2025 – Present

- Built decentralized applications with wallet integration and blockchain transaction systems.
- Developed scalable Web3 frontend and backend architectures using React.js and Node.js.
- Delivered secure client-focused blockchain solutions with optimized workflows.

Lead Technical Writer & Developer Advocate — FIS | 2023 – 2025

- Designed fintech API documentation for payments, KYC, KYB, and identity services.
- Improved developer onboarding through structured API reference systems.
- Created AI-assisted documentation workflows and technical writing standards.

Frontend Engineer | 2019 – 2022

- Built reusable UI systems using Vue.js, JavaScript, and TailwindCSS.
- Implemented CI/CD pipelines and optimized frontend deployment workflows.
- Integrated REST APIs and improved application maintainability.

Full Stack Developer — Dubai, UAE | 2018 – 2019

- Developed real estate platform using React.js, Node.js, and MongoDB.
- Implemented authentication systems, dashboards, and API integrations.
- Optimized backend performance and database queries.

PROJECTS

Inventory Sync System — Real-time stock synchronization platform for restaurants and delivery applications.

Multi-Store Inventory System — Centralized warehouse and inventory management system with live synchronization.

Restaurant POS + AI Dashboard — Sales analytics and POS platform with business intelligence features.

Metaverse Infrastructure Dashboard — Blockchain infrastructure monitoring and node analytics platform.

EDUCATION

Hanoi University of Science and Technology (HUST)

Bachelor of Computer Science | 2016 – 2020

LANGUAGES

English — Professional Proficiency | Vietnamese — Native

Crafting Dreams Into Pixels With Code And Creativity.
